On July 22, 1997, North McLean County Water District ("North McLean Water") applied to the Commission for a Certificate of Public Convenience and Necessity authorizing it to construct major additions and improvements to its water distribution system and for approval of the proposed plan of financing of said project. In its filing, North McLean Water requested permission to deviate from the requirements of 807 KAR 5:001, Sections 6(5) and 6(9).

807 KAR 5:001, Section 6, requires the submission of a detailed financial exhibit for the period ending not more than 90 days prior to the date of the application. Specifically, Section 6(5) requires that the financial exhibit disclose the amount of bonds authorized and the amount of bonds issued, and Section 6(9) requires a detailed income statement and balance sheet. Having reviewed the filing and being otherwise sufficiently advised, the Commission finds that the information filed therein is sufficient to enable the Commission to review adequately North McLean Water's filing. Therefore, its request for permission to deviate from the above-cited regulation should be granted.

IT IS THEREFORE ORDERED that North McLean Water's request for permission to deviate from the requirements of 807 KAR 5:001, Sections 6(5) and 6(9), is hereby granted.

Done at Frankfort, Kentucky, this 5th day of August, 1997.
